4. The workplace shall be at University of Porto.

5. The gross monthly salary offered is that of index 220 of the Scientific Research Career (Annex I of Decreto-Lei Nº124/99, of April 20).

6. The principal researcher is responsible for regularly carrying out research and development activities as well as other scientific and technical activities within the scope of the missions of the respective institutions and also:

- Participate in the design of research and development projects;
- Guide the work carried out within the scope of research and development projects;
- Collaborate in the development of training actions within the scope of the methodology of research and development;
- Monitor the research work developed by scholarship holders, research interns and research assistants;
- Collaborate in teaching and participate in training programs whenever agreed with a Higher Education Institution;
- Guidance for higher education students, particularly undergraduate, master's and doctoral students, whenever agreed with a Higher Education Institution;
- Perform the functions for which they have been elected or appointed in the collegiate bodies of the institution.

7. Application can be submitted by any national, foreign and stateless candidate(s) holding a doctorate degree in Chemistry and related areas, with five years or more of relevant post-doctoral experience.

When the doctorate degree was awarded by a foreign higher education institution, it must comply with the provisions of Decreto-Lei n.º 66/2018, de 16 de Agosto, and all formalities established therein must be complied with at the signature of work contract.

**8.** General requirements for tender admission are those defined in previous point 7, and specific requirements are:

- a)** Publications in the areas of Food Chemistry and Technology, Natural Compounds and Phytochemicals and related areas totaling a least 40 articles in indexed international journals;
- b)** Proven experience, through scientific publications, in the development and application of methodologies for the extraction, purification, isolation by chromatographic methods and structural characterization of natural compounds and phytochemicals and in the evaluation of their physicochemical properties and bioactivity;
- c)** Proven experience, through scientific publications, in the development of molecular interaction study models applied to phytochemicals and biopolymers and supramolecular chemistry studies applied to phytochemicals;
- d)** Proven experience, through scientific publications, in the evaluation and characterization of the functional properties of phytochemicals and characterization of structure (microscopy and texture), rheological behavior, organoleptic profile and nutritional evaluation associated with the development of new foods;
- e)** Proven experience, through scientific publications, in studies of in vitro gastrointestinal digestion and bioaccessibility of phytochemicals.
- f)** Proven leadership of at least 1 funded scientific project in the last 5 years.

**9.** Pursuant to article 5 of RJEC, the selection is to be made based on the evaluation of the scientific and curricular career of the candidate.

**10.** Scientific and curricular career evaluation focuses on relevance, quality and up-to-dateness:

- a)** of scientific or technological production, considered most relevant by the candidate in the past 5 years;
- b)** of research activities, fundamental or applied science, considered of higher impact by the candidate in the past 5 years;
- c)** of knowledge extension and dissemination activities, namely under the scope of the promotion of culture and scientific practices, deemed most relevant by the candidate;
- d)** of activities of entrepreneurship and technology transfer;
- e)** of activities of elaboration of applications for R&TD projects funding.

**11. Evaluation criteria are the following:**

**11.1** Integrated assessment of the curriculum trajectory of the candidate, based on an overview of their scientific merits, namely:

**I.** Curriculum Vitae (CV) (80 points):

- a.** The global coherence of the CV, particularly in terms of the diversity and quality of scientific indicators, including relevant published articles in the specific areas indicated in point 8 of this call –15;
- b.** Publications in extraction by green technologies and processes of products and waste from the agri-food industry, purification and isolation by chromatographic methods and structural characterisation of natural compounds and phytochemicals - 10;
- c.** Publications in development of physico-chemical models of molecular and supramolecular interaction applied to phytochemicals and biopolymers - 10;
- d.** Publications in in the characterization of functional properties, nutritional profile and characterization of structure and rheological behavior associated with the development of new plant-based foods - 10;
- e.** Publications in studies of gastrointestinal digestion studies, evaluation of bioaccessibility and bioactivity of phytochemicals – 10;

**II.** Coordination/participation on funded research projects in the area of Food Science – 10.

**III** Supervision of master's and doctoral students with completed dissertations – 5.

**IV.** International experience, particularly participation in research projects/cooperation actions and joint publication of articles – 5.

**V.** Collaboration in teaching and participation in training programs – 5.

**11.2.** Performance report– 10.

**11.3.** Development plan – 10.

**12.** Only candidates who obtain a score equal to or higher than 50 points in the parameters indicated in item 11 will be eligible to fill the position through competition.

**13.** Candidate final classification system shall be given based on a scale 0 to 100.

**14.** The panel shall deliberate by means of roll-call vote justified under adopted and disclosed selection criteria, with no abstentions allowed.

**15.** Minutes of the jury meetings will be drawn up, which contain a summary of what occurred during them, as well as the votes cast by each jury member and their respective reasons, being provided to candidates whenever requested.

**16.** After completing the application of the selection criteria, the panel will draw up an ordered list of approved candidates with their respective classification.

**17.** Panel's final decision shall be validated by the leader of the institution, who is also in charge of deciding about the hiring.

**18.** Application formalization:

**18.1** The applications are formalized at the electronic address <https://www.requimte.com/ConcursosAbertos/TENURE> with following documents in a digital form, in PDF format:

- a) Curriculum Vitae written in English containing all information relevant to the evaluation of the application and organized in accordance with the selection criteria set out in item 11 of this notice;
- b) Copy of certificate of doctoral qualifications;
- c) Development plan, in which the candidate must outline the future research intended to carry out, contextualizing the state of the art and the research strategies proposed to adopt. This document must have a maximum of 10 A4 pages (Arial font, size 11, 1.5 spacing and 2.5 cm margins, including cover, index, figures, references, and any other elements), and can be written in English;
- d) Performance report, which must correspond to an analysis made by the candidate on the work and elements of his/her curriculum vitae that he/she considers most relevant, especially with regard to the development of knowledge in the area of the tender; this document must have a maximum of 5 A4 pages (including cover, index, figures, references, and any other elements), with a minimum text size of 11pt and can be written in English;
- e) Scientific publications, up to a maximum of 5, that the candidate considers to be the most significant for the recruitment area;
- f) Any documents that the candidate deems relevant to assessing his/her merits.

**18.2** The documents referred to in points a) to e) are mandatory.

**18.3** The documents included in the application must be in PDF format (mandatory), unlocked(unlock), allowing selecting and copying text, and making annotations, with an active "table of contents"(TOC or "bookmarks", depending on the PDF reader) and a chapter structure to allow digital navigation of the document with the side column open in " Portable Document Format" (.pdf).

**18.4.** Files must be identified with the candidate's first and last name. They can be compressed in the format .zip.

**19.** All candidates who formalize their applications in an improper way or fail to prove the requirements imposed by this tender are excluded from admission. In case of doubt, the panel is entitled to request any candidate to present further documentation supporting their statements.

**20.** The application submission period runs for 30 working days after publication of the opening notice in Diário da República.

**21.** Both admitted and excluded candidate list and final classification list shall be published at the address of REQUIMTE (Praça Coronel Pacheco nº 15-6º andar, Porto), in the website of the Institute and the selected candidate shall be notified by email.

**22.** Preliminary Hearing and Final Decision Deadline: After publication, all candidates have 10 working days to respond. Panel's final decisions are pronounced within a period of 90 working days, from response period deadline.

**23.** This tender is exclusively destined to fill this specify position and can be terminated at any time until approval of final candidate list, expiring with the respective occupation of said position.
