

Reference: REQUIMTE 2020-18

Main research field: Chemistry

Sub research field: Materials Science

1. The Board of Directors of REQUIMTE – Rede de Química e Tecnologia – Associação, has decided to open an international call for positions of PhD holder Researchers, under a work contract for a non-fixed term. This announcement is intended to 1 (one) research position (**Reference REQUIMTE 2020-18**) on the project PTDC/CTM-CTM/31983/2017 - Design of new gold catalysts for glycerol transformation into value-added products, supported by national funds by FCT / MCTES and co-supported by Fundo Europeu de Desenvolvimento Regional (FEDER) throughout COMPETE 2020 – Programa Operacional Competitividade e Internacionalização (POCI-01-0145-FEDER-031983), to pursue scientific research activities in the area of Chemistry and sub-areas of Materials Science under a work contract for a non-fixed term, in order to prepare novel catalysts based in porous coordination polymers (MOFs) and gold nanoparticles, application in catalytic systems for the oxidation of alcohols.

2. **Applicable Legislation** Decree-Law no. 57/2016 of August 29th, amended by Law 57/2017 and Regulatory Decree No. 11- A / 2017 which approved the doctorate hiring regime destined to stimulate scientific and technological employment for all knowledge areas (RJEC); Portuguese Labour Code, approved by Law 7/2009 of February 12, in its actual form.

3. Pursuant to article 13 of RJEC, the tender selection panel is formed by: Baltazar de Castro (Full Professor and President of REQUIMTE), Ana Margarida Silva (Research at REQUIMTE) and Carlos Miguel Cardeal Enes Granadeiro (Research at REQUIMTE).

4. The workplace shall be at Faculdade de Ciências da Universidade do Porto.

5. The gross monthly salary entitle is stipulated in clause 1 a) of article 15 of the Regulatory Decree No. 57/2016, of August 29th, amended by the law nº 57/2017 of July 29th, corresponding to level 33 of the Consolidated Table of Allowances, as approved by Government Order No. 1553-C/2008, of December 31st, being 2,128.34 Euros.

6. Application can be submitted by any national, foreign and stateless candidate(s) holding a doctorate degree in Chemistry or related areas (including engineering) and and a scientific and professional curriculum whose profile is suited for the activity described below (item 7). In case the doctorate degree was awarded by a non-Portuguese higher education institution it must comply with the provisions of Decreto-Lei n.º 66/2018, de 16 de Agosto, and all formalities established therein must be complied with at the signature of work contract.

6. Application can be submitted by any national, foreign and stateless candidate(s) holding a doctorate degree in Chemistry, Biochemistry, or related areas and a scientific and professional curriculum whose profile is suited for the activity described below.

7. The tender admission requirements are those defined in the previous point 6, and specific requirements are: previous experience in the oxidative catalysis and preparation of heterogeneous

catalysts based in coordination polymers (MOFs) and the candidate must have at least 5 published scientific articles in the area of oxidative catalysis and a *h*-index equal or superior to 15.

8. Pursuant to article 5 of RJEC, the selection is to be made based on the evaluation of the scientific and curricular career of the candidate.

9. Scientific and curricular career evaluation focuses on relevance, quality and up-to-datedness:

a) of scientific, technological, cultural or artistic production in the last five years, considered most relevant by the candidate;

b) of research activities, fundamental or applied science, developed in the last five years, considered of higher impact by the candidate;

c) of knowledge extension and dissemination activities developed in the last five years, namely under the scope of the promotion of culture and scientific practices, deemed most relevant by the candidate.

d) of activities of science management, technology and innovation programs, or of experience in observing and monitoring the scientific and technological system or higher education, in Portugal or abroad.

10. The five-year period mentioned above can be extended by the panel, if requested by the candidate, whenever the suspension of scientific activities is reasoned by socially protected grounds like paternity leave, long-term serious illness, and other legal situations of unavailability to work.

11. Evaluation criteria are the following:

The evaluation of the CV of the candidates, in particular the scientific merit and research experience will take into consideration the elements presented for the last five years of activity falling within the scope of the specific areas of the tender (see Point 1) and will be performed according to the following criteria:

11.1 Integrated assessment of the curriculum trajectory of the candidate, based on an overview of their scientific merits, namely:

I. Overall scientific coherence of the CV – 15%

II. Diversity and quality of scientific indicators, including relevant published peer-reviewed articles and abstracts in the specific areas of this announcement (see point 1) - 25%

III. Participation in research projects and students supervision - 10%

11.2 Relevant experience, proved in CV, in:

I. Oxidative Catalytic Systems– 30%

II. Preparation of coordination polymers- 20%

12. In the case of admitted candidates whose evaluation does not differ more than 10% from that obtained by the best positioned candidate, the jury will interview these candidates. This will be aimed at obtaining clarifications and explanations about the curricular elements and additional information as well as to evaluate the attitude profile and motivation of the candidate.

13. Candidate final classification system shall be given based on a scale 0 to 100.

14. Only candidates with a minimum final classification of 50 will be admitted.

15. The panel shall deliberate by means of roll-call vote justified under adopted and disclosed selection criteria, with no abstentions allowed.

16. Minutes of panel meetings shall be executed and include a summary of all occurrences of said meeting, as well as of all votes casted by the members and respective reasoning, and shall be provided to candidates whenever required.

17. After selection criteria application, the panel shall prepare a sorted list of approved candidates and respective classification.

18. Panel's final decision shall be validated by the leader of the institution, who is also in charge of deciding about the hiring.

19. Application formalization:

19.1 The applications are formalized at the electronic address <https://www.requimte.com/> with following documents in a digital form, in PDF format:

- i) Curriculum vitae;
- ii) Motivational Letter;
- iii) Qualifications Certificate;
- iv) other relevant documentation.

19.2. The application period is from **25/02/2020 to 09/03/2020**.

20. All candidates who formalize their applications in an improper way or fail to prove the requirements imposed by this tender are excluded from admission. In case of doubt, the panel is entitled to request any candidate to present further documentation supporting their statements.

21. False statements provided by the candidates shall be punished by law.

22. Both admitted and excluded candidate list and final classification list shall be published at the address of REQUIMTE (Praça Coronel Pacheco nº 15-6º andar, Porto), in the website of the Institute and the selected candidate shall be notified by email.

23. Preliminary Hearing and Final Decision Deadline: After publication, all candidates have 10 working days to respond. Panel's final decisions are pronounced within a period of 90 working days, from response period deadline.

24. This tender is exclusively destined to fill this specify position and can be terminated at any time until approval of final candidate list, expiring with the respective occupation of said position.

25. Non-discrimination and equal access policy: REQUIMTE actively promotes a non-discrimination and equal access policy, wherefore no candidate can be privileged, benefited, impaired or deprived of any rights whatsoever, or be exempt of any duties based on their ancestry, age, sex, sexual preference, marital status, family and economic conditions, instruction, origin or social conditions, genetic heritage, reduced work capacity, disability, chronic illness, nationality, ethnic origin or race, origin territory, language, religion, political or ideological convictions and union membership.

26. The panel has approved this announcement in a meeting held on 07/02/2020.

27. According to Decree-Law no. 29/2001 of 3 February, disabled candidates shall be preferred in a situation of equal classification, and said preference supersedes any legal preferences. Candidates must declare, on their honour, their respective disability degree, type of disability and

communication/expression means to be used during selection period on their application form, under the regulations above.
