**Main research field:** Chemistry

**Sub research field:** Food and Environmental Chemistry

1. The Board of Directors of REQUIMTE – Rede de Química e Tecnologia – Associação, has decided to open an international call for positions of PhD holder Researchers, under a work contract for a non-fixed term. This announcement is intended to 1 (one) research position (**Reference REQUIMTE 2022-54**) on the project MTS/SAS/0077/2020 - New reasons to care honey from the Natural Park of Montesinho: A bioindicator of environmental quality & its therapeutic potential, supported by national funds by FCT / MCTES, to pursue scientific research activities in the area of Food and Environmental Chemistry, under a work contract for a non-fixed term, in order to characterizing different samples of honey produced in the Natural Park of Montesinho, as well as environmental matrices surrounding the apiaries (soil, water, air), namely through the development of analytical methodologies to detect and quantify different classes of pollutants; evaluate the environmental risks in the different samples (drugs, persistent organic compounds, among others) and treat the environmental matrices (water, soil and air) collected in different places of the park.

## 2. Applicable Legislation

Decree-Law no. 57/2016 of August 29th, amended by Law 57/2017 and Regulatory Decree No. 11- A / 2017 which approved the doctorate hiring regime destined to stimulate scientific and technological employment for all knowledge areas (RJEC); Portuguese Labour Code, approved by Law 7/2009 of February 12, in its actual form.

3. Pursuant to article 13 of RJEC, the tender selection panel is be formed by: Cristina Maria Fernandes Delerue Alvim de Matos (Principal Coordinating Professor, Instituto Superior de Engenharia do Porto, President of the jury delegated by the Director of REQUIMTE), Francisca Pinto Lisboa Martins Rodrigues Sarmiento (REQUIMTE Investigator), Sónia Eduarda Ferrás Soares (REQUIMTE Investigator).

4. The workplace shall be at ISEP.

5. Monthly remuneration to be paid is the one set by article 23 (3) of RJEC, corresponding to level 33 of the Single Salary Table, approved by Order no. 1553-C/2008 of December 31st, i.e. 2.153,94 Euros.

6. Application can be submitted by any national, foreign and stateless candidate(s) holding a doctorate degree in Sustainable Chemistry and related area and a scientific and professional curriculum whose profile is suited for the activity described below (item 7).

In case the doctorate degree was awarded by a foreign higher education institution, it must comply with the provisions of Decree-Law no. 341/2007 of October 12th, and all formalities established therein must be complied with at the signature of work contract.

7. The tender admission general requirements are those defined in the previous point 6, and additional specific requirements are:

- a) have a scientific curriculum in the area of environmental and food chemistry investigation;
- b) have relevant scientific experience in liquid chromatography (LC) and gas chromatography (GC) with mass detection;
- c) have relevant scientific experience in sample preparation, namely of environmental matrices (water, air and soil);

d) have knowledge of environmental risk assessment (drugs, persistent organic compounds, among others)

**8.** Pursuant to article 5 of RJEC, the selection is to be made based on the evaluation of the scientific and curricular career of the candidate.

**9.** Scientific and curricular career evaluation focuses on relevance, quality and up-to-datedness:

**a)** of scientific, technological, cultural or artistic production in the last five years, considered most relevant by the candidate;

**b)** of research activities, fundamental or applied science, developed in the last five years, considered of higher impact by the candidate;

**c)** of knowledge extension and dissemination activities developed in the last five years, namely under the scope of the promotion of culture and scientific practices, deemed most relevant by the candidate.

**d)** of activities of science management, technology and innovation programs, or of experience in observing and monitoring the scientific and technological system or higher education, in Portugal or abroad.

**10.** The five-year period mentioned above can be extended by the panel, if requested by the candidate, whenever the suspension of scientific activities is reasoned by socially protected grounds like paternity leave, long-term serious illness, and other legal situations of unavailability to work.

**11.** Evaluation criteria are the following:

The evaluation of the CV of the candidates, in particular the scientific merit and research experience will take into consideration the elements presented for the last five years of activity falling within the scope of the specific areas of the tender (see Point 1) and will be performed according to the following criteria:

**11.1** Integrated assessment of the curriculum trajectory of the candidate, based on an overview of their scientific merits, namely:

I. overall scientific coherence of the CV – 15%

II. diversity and quality of scientific indicators, including relevant published peer-reviewed articles and abstracts in the specific areas of announce (see point 1) - 25%

III. participation in research projects and students' supervision - 10%

**11.2** Relevant experience, proved in CV, in:

I. Experience in LC and GC, and environmental sample extraction methods (QuEChERS) - 15%

II. Experience in environmental risk assessment (drugs, persistent organic compounds, among others) – 15%

III. Experience in sample preparation, namely environmental matrices (water, soils, air...) – 15%

IV. Experience in statistical data processing and writing of scientific articles – 5%

Only candidates who obtain a classification equal to or greater than 50% in the parameters indicated at points 11.1 and 11.2 will be eligible.

**12.** In the case of admitted candidates whose evaluation does not differ more than 10% from that obtained by the best positioned candidate, the jury will interview the best positioned candidate and the candidates in this situation. This will be aimed at obtaining clarifications and explanations about the curricular elements and additional information as well as to evaluate the attitude profile and motivation of the candidate.

The final score of each jury member is obtained by the following assessment: 90% scientific and curricular career evaluation and 10% interview.

**13.** Candidate final classification system shall be given based on a scale 0 to 100.

**14.** The panel shall deliberate by means of roll-call vote justified under adopted and disclosed selection criteria, with no abstentions allowed.

**15.** Minutes of panel meetings shall be executed and include a summary of all occurrences of said meeting, as well as of all votes casted by the members and respective reasoning, and shall be provided to candidates whenever required.
